**RE: Final Site Assessment Report, Spokane International Airport PFAS
August 2024
Spokane International Airport
9000 W. Airport Dr., Spokane, WA 99224
Facility Site ID: 6332493 and Cleanup Site ID: 16774**

Dear Mr. Schmidt:

On 20 August 2024 the Spokane International Airport received a letter from Ecology confirming that the revisions to the Draft Site Assessment Report had been accepted, and the document is now approved as final. As requested, we are submitting the final version of the report to Ecology as an electronic PDF.

We look forward to continuing our work with Ecology on the next phase of this investigation.

Please let us know if you have any questions.

Sincerely,

GSI Environmental, Inc
